

# Announcements

As we prepare to transition to a new facility, there are important considerations that require our collective attention. One crucial step in this process is carefully sorting and organizing your loved one's belongings before the move. Your assistance in going through their current belongings is vital to guarantee that essential items, cherished possessions, and familiar comforts are seamlessly transitioned to the new facility. Our anticipated move date will be November 2024 and while that sounds distant right now, it really is going to be here faster than we think.

Our new facility will not have the storage space that we have been afforded in our current location. We have renderings hanging in our lobby of our new facility so you may see what the new bedroom space will have built in versus what will be able to move. We encourage you to begin with packing off season items that will not be needed while we remain in our current location. If you need boxes, please contact Cindy Rolph at 515-382-7004 or [crolph@storymedical.org](mailto:crolph@storymedical.org) in advance so she can ensure we have plenty. We will also provide permanent markers to label the boxes with name and contents. We do have some space that we can store those boxes until the move.

Warm Regards,  
Melissa Opperman
